Meet Matias Midolo

If you're having financial difficulty, our Member Solutions Manager, Matias Midolo, can help. He can sit down and discuss your situation, work out a payment plan, provide potential debt consolidation options, or offer other services to help improve your finances.

Matias has worked for six years in the banking and insurance industry, previously for the "Banco de la Nacion Argentina;" and, 'Nacion Seguros," which is the largest financial institution in Argentina, his native country. There, he sold banking and insurance products and assisted customers who were having financial difficulty.

Matias is also bilingual (in Spanish and English), so his task is not just serving members who may be struggling, but helping the Hispanic community get the products they are looking for at First United. "The concept of Member Solutions is to help members who are having a hard time, and to provide assistance during a period when they're having difficulties making loan payments," says Matias. "We have several tools to help members get back on their feet."

Matias adds that if you're having financial difficulty, the first step is to stop and see us. "Remember, we're here to help." Contact Matias at 616.532.9067, ext. 309 or at mmidolo@FirstUnitedCU.org.
